

METAL FORMS CORPORATION  
SINCE 1909

## **EMPLOYEE PROFILE**

### **CHRIS GRANT** **VP Dealer Sales**

Chris came to Metal Forms in 2017 as a Dealer Sales Rep and now works with MFC leadership to help manage dealer sales as well as our light duty product lines – steel flatwork forms, poly forms, and vibratory truss screeds. His emphasis is on growing sales by helping Metal Forms build and sustain strong relationships with dealer partners. He continues to expand his knowledge on not only the many nuances and details of the MFC product lines, but of the concrete industry as a whole.

Chris has a B.S. in Finance from the University of Illinois at Champaign-Urbana and an M.S. in Urban Studies from the University of Wisconsin-Milwaukee. He is a proud homeowner in the Brewers Hill neighborhood of Milwaukee – not far from Metal Forms' facilities, Downtown, and Lake Michigan. He enjoys working for a small company that does big things, collaborating with the people at Metal Forms, and getting to travel and form friendships with people throughout the United States and Canada.
