

FLATWORK FORMS

METAL FORMS CORPORATION
SINCE 1909

FLATWORK FORMS

10 GAUGE STEEL
Heavy-duty design assures rugged performance and long life.

4" WIDE BASE
Provides added support, strength and stability.

BOX-TYPE STAKE POCKETS
Maximum support provided by pockets that attach to both the base and the face and extend to the base/face corner.

FULL-HEIGHT END CONNECTION
Provides full-depth alignment and a sturdy, reinforced joint.

SPECIAL PUNCHING SLIDING END CONNECTION

Hole punching can be specified in the face, base or top tread.

Sliding end connections permit forms to be stripped over dowel bars.

FLATWORK FORMS

**SLIM
LINE**

LIGHTWEIGHT

12 GAUGE STEEL

Streamlined design permits easy handling and efficient transport.

2" WIDE BASE

Permits minimum clearance pours and allows forms to be reversed (no top or bottom).

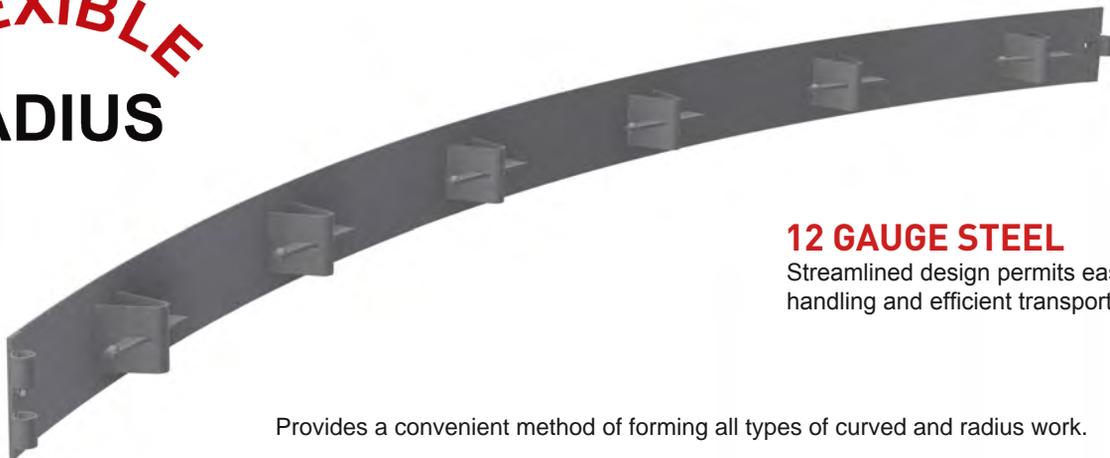

V-TYPE STAKE POCKETS

Single pockets and double pockets (on forms 9" and above) securely lock form to either 3/4" or 7/8" diameter stakes.

BULLNOSE END CONNECTION

Provides self-aligning, tight joint.

**FLEXIBLE
RADIUS**

12 GAUGE STEEL

Streamlined design permits easy handling and efficient transport.

Provides a convenient method of forming all types of curved and radius work.
