EMPLOYEE PROFILE

FRANK PELLOT **Production**

Frank came to MFC by way of an employee referral. It just so happened that when Frank was looking for new opportunities, a current employee, Israel Velez, mentioned the vacancy. Frank was hired on to the production floor . His main responsibilities are welding, forklift operator, machine operator and general jobs when requested. He stated a key job of his is "to meet quality standards". When asked why he enjoys working at MFC he simply stated "everything".

When Frank is not at work he enjoys painting, reading books, fishing and sometimes physical sports and exercise. He also enjoys spending time with his two daughters, Clarilyz and Isamailiz.

"I have not worked before in a company that was flexible with its associates and offers continuous growth."
