

METAL FORMS CORPORATION  
SINCE 1909

## EMPLOYEE PROFILE

### LUIS HERNANDEZ Production

Luis started at Metal Forms Corporation back in 2017. He stated "MFC is a small local company that seemed to truly care about their employees." Luis is a welder with responsibilities that also include setting up our robotic bender, ensuring cleanliness of all work areas and any other duties that ensure a safe and efficient working environment.

When asked what Luis enjoys the most at MFC Luis stated " What I enjoy the most about working at MFC is our small work family that is able to get things done and that they treat us fairly."

When Luis is not at work he enjoys his most important roles as a father and grandfather and spending time with his family. Working on cars is a passion that he shares with his son as they are currently working together to customizing his Jeep.
