

METAL FORMS CORPORATION
SINCE 1909

EMPLOYEE PROFILE

ROBERTO CASILLAS Production

As a full time student, Roberto was looking for a job that would allow him to work but also maintain his studies. MFC's employee focused approach allows Roberto to do just that. When asked what he enjoys most about working at MFC other than the flexibility, he said "working with family and the pace". You see, Roberto is the son of Ruben, brother to Josue and Israel and the nephew of Carlos. All family that work at MFC. You can tell the work ethic in the family is strong.

Rob currently operates the plasma cutter, however he can operate most machines in the shop if needed. Recently he has also been tasked with our Poly Meta Forms® production.

When Rob is not at work he enjoys repairing electronics and also collects vinyl (records).
