EMPLOYEE PROFILE

RUBEN VELEZ RODRIGUEZ Production

Ruben moved from Puerto Rico to Milwaukee, WI back in 1999. While living with his brother-in-law he was referred by one of his friends that worked at MFC at the time and the rest is history.

Ruben has had many responsibilities throughout the years but currently works in maintenance on the production floor. When asked what his role entails, he stated " to make sure the crew is working safely while keeping the shop in good working condition by ensuring the machines are working properly."

When Ruben was asked what he enjoyed most about working at MFC over the last 21 years he simply stated, "I enjoy working with a good group of people, they are like family to me. I also enjoy working with a few relatives that are also employed at MFC to include my three sons and brother. I enjoy the challenges that come when new equipment that is introduced and making sure that existing and new employees get proper training."

When Ruben is not at work, he enjoys playing softball whenever possible!
