

Manufactured By:  METAL FORMS CORPORATION
SINCE 1909

Form To Finish™

Features and Advantages

Feature	Advantage	Competition
<p>Hydraulic Vibration Package</p> <ul style="list-style-type: none"> • Adjustable Vibrator Spacing • Monitoring Capabilities • Industry Leading Minnich Paving Vibrators • Steamlined Vibration Rack 	<ul style="list-style-type: none"> • Individual vibrators can be easily moved & positioned at different intervals across the width of the pour • Devices check / measure the vibration amplitude & velocity as well as measuring the depth of the vibration rack. Information output to LCD display • Minnich vibrators set the standard in concrete paving • Virtually unobstructed view of vibrators and placed concrete assists operator and provides a safer work area 	<ul style="list-style-type: none"> • Fixed (non-variable) spacing across the width of the pour • Not available • Inconsistent mechanical vibrators manufactured overseas • Large framework blocks operator's sightlines
<p>Simple / Compact Controls</p> <ul style="list-style-type: none"> • Ergonomic, 1-man Control 	<ul style="list-style-type: none"> • All machine functions including steering, forward & reverse and vibrators are easily adjusted from a centralized, operator friendly panel 	<ul style="list-style-type: none"> • Confusing system of knobs, levers and labels
<p>Ample Power</p> <ul style="list-style-type: none"> • Large, Powerful Deutz Diesel Engine 	<ul style="list-style-type: none"> • 134 HP engine easily powers all machine functions 	<ul style="list-style-type: none"> • Engine size is almost 1/2 the power
<p>Adjustable Frame Assembly</p> <ul style="list-style-type: none"> • Modular Width Adjustment 	<ul style="list-style-type: none"> • Quickly extend or shorten machine for varying finishing tube lengths 	<ul style="list-style-type: none"> • Not available in modular lengths
<p>Simple Tube Couplers</p> <ul style="list-style-type: none"> • Quick Tube Length Change • 2" Shaft Assembly 	<ul style="list-style-type: none"> • Easily accessible bolts allow for quick and easy tube change • 2" solid steel shaft assemblies assures long life 	<ul style="list-style-type: none"> • Multiple piece shaft assemblies make tube changing time consuming • Smaller internal shaft assemblies
